

TWELFTH INTERNATIONAL CONFERENCE ON FIBONACCI NUMBERS AND THEIR APPLICATIONS

Housing Registration Information

We have reserved and guaranteed to pay for a limited number of rooms at SFSU. Rooms are described as apartments with couches, table and chairs, beds, desks and dressers with broadband internet access.

There are one- and two-bedroom apartments (two-bedrooms primarily for families) with private bathrooms. The daily costs for these rooms are \$70.00 for a single and \$80.00 for a double. If you want a double you must indicate with whom you are sharing the room.

In addition, we have a small number of smaller residence hall rooms. These rooms do not have private bathrooms. The costs are \$44 per room per night, for either one or two persons. If you are sharing a room you must indicate with whom you are sharing the room.

In addition, for everyone staying in any of these rooms you must purchase breakfast each day for \$6.75.

These rooms must be rented for 6 days, with check-in available on Sunday July 16 and check-out on Saturday July 22. On a space available basis, you may rent these rooms for several extra days either immediately before or after the conference at the same prices. Participants who stay extra days will be housed in an adjacent facility during those extra days, and will have to move during the conference.

Rooms will be reserved on a first come basis. Since we must pay for all guaranteed rooms in advance, we will release our guaranteed rooms which are not reserved and paid for by participants by June 1st. If more rooms are requested than we have guaranteed, we will request more rooms from SFSU, if there are any available at that time. Thus, early registration and room reservations are strongly recommended.

If you drive and plan to park on campus, permits are available for \$5.00 per day.

You may of course, make your own arrangements to stay at a hotel. Some of the hotels in the area include:
