

Consent Form

We(I) are students in the Statistics class 5990 at Dalhousie and are conducting a survey on (subject of survey) as part of our class requirements. The purpose of the study is to (general statement of purpose).

Involvement in this survey is entirely voluntary and any participant reserves the right to withdraw at any point or simply not answer a specific question. In order to preserve anonymity, no personal information which will allow identification of the individual will be recorded.

The results of the survey will be written up as part of the class assignment. The overall project will be evaluated by the Statistics 5990 instructor, Dr. Chris Field (494-3339) but the results will not be disseminated in any other manner.
